ROCKET LAUNCHER

The free standing **Oceansouth Rocket Launcher** is an excellent addition to your boat so that rods can be safely stowed above deck space. It is easily assembled and features the unique universal mounts. The universal base mount features a bevelled base which enables a variety of possible mounting positions.

**NOTE:** Optional Rail Mounts can be used to mount the rocket launcher on rails.

Rocket Launcher Features

- Ø32mm bright - dipped aluminium tube.
- 6 Hi-Impact noncorrosive polymer rod holder - metallic finish.
- All connectors and mounts made from marine grade nylon.
- Rear Universal Base Mounts are fitted with Thumb Screws that enable the Rocket Launcher to be folded down.
- Crossbars can be used to mount equipment.
- Assembling skills required Medium.
