STORMY
Inflatable PFD Technologies

The Stormy Lite Pro has a 180N buoyancy and fits over your clothing and secures with a zip.

It is a one size fits all life jacket (regular XS-3XL) with an adjustable belt on each side of the life vest to create a secure fit.

The life vest is accredited with the offshore rating of 150N (suitable for offshore) and offers 180N buoyancy to enhance performance when worn with extra attire. It is a slim fit, light weight and comfortable.

The Stormy Lite Vest Pro Utility has a 180N buoyancy and zips over your clothing.

The life vest is accredited with the offshore rating of 150N (suitable for offshore) and offers 180N buoyancy to enhance performance when worn with work attire.

It is a slim fit and comfortable, the utility life vest has been customised to carry all your tools to keep your hands free and keep you safe whilst working on the water.

The Stormy Life Jacket 150N is a comfortable all-weather jacket that will inflate in water when required. It's a life jacket that's designed to be worn not stowed by being a practical item of clothing first, and a quality life saving device when required.

The nylon outer shell and polyester internal lining provide unrivalled warmth and water protection for all weather conditions. Stormy Jackets also feature removable sleeves for when a life vest is your preferred option. Stormy Lifejackets and vests were the first (and are still the only) company to attain ISO accreditation for our style of inflatable jackets and vests.

The Stormy Life Jacket 300N Aquaculture has been developed for the commercial fishing industry where duties include lifting or carrying items that cause excessive wear.

The Stormy Life Jacket Aquaculture features minimal seams on the front for strength and water resilience and durability of the product in jobs that require a lot of lifting. Featuring an internal storm flap to enhance water protection.

There are knife holder pockets located on either side. It's also available with sealed shoulders and removable sleeves at the elbow, or full sleeves.
